

Numax range piglet feeds (Numax Start, Numax Wean and Numax Link) are designed to enhance high feed intakes from the very early days of a piglet's life. The unique formulation of the feeds provides exceptional results under various field conditions.

nuevo
ANIMAL NUTRITION

GUT HEALTH

Numax Link contains ingredients that regulate gut micro flora, functional fibres and a powerful combination of organic acids with very strong antibacterial activity.

MILK & SUGARS

Intermediate levels of lactose from high quality dairy products and simple sugars ensure pigs eat enough feed to grow while avoiding digestive upsets.

EXTRUDED FULL-FAT SOYBEANS

With very low levels of antinutritional factors, full of highly digestible oil, and highly digestible protein, extruded soybeans are an excellent choice source of protein for piglets.

ZERO ZINC

The **Numax range** piglets feed is designed to tackle the ZnO elimination and enable piglets handle post weaning metabolic disorders. Based on low protein levels but in parallel with a carefully balanced SID amino acid profile ensures high growth rates from the very early stages of a piglets' life. Carefully selected ingredients with high digestibility will guarantee early feed intakes thus proper gut maturation and a healthier digestive truck.

COMPLETE IN ALL

Numax Link is a complete feed. It contains all required nutrients for pigs from 12-20Kg. In addition to balanced levels of energy and protein, it contains the full complement of vitamins, minerals, and amino acids.

KEY NUTRIENTS

| | | | |
|------------|-----------|-----------------|-------|
| Net energy | 10.6MJ/kg | SID lysine | 1.20% |
| Protein | 17.7% | Calcium | 0.8% |
| Lipids | 5.6% | Dig. Phosphorus | 0.36% |
| Fibre | 3.4% | Sodium | 0.24% |

GENERAL FEEDING INSTRUCTIONS

Numax Link is designed as a follow-up feed to **Numax Wean**. Start feeding **Numax Link** immediately after finishing with **Numax Wean** and until pigs reach 20Kg body weight.
