

numax range piglet feeds (numax Start, numax Wean and numax Link) are designed to enhance high feed intakes from the very early days of a piglet's life. The unique formulation of the feeds provides exceptional results under various field conditions.

nuevo
ANIMAL NUTRITION

ZERO ZINC CONCEPT

The **numax range** piglet feeds are designed to tackle ZnO elimination and enable piglets handle post weaning metabolic disorders. Based on low dietary protein levels but in parallel with a carefully balanced SID amino acid profile ensures high growth rates from the very early stages of a piglets' life. Carefully selected ingredients with high digestibility will guarantee early feed intakes thus proper gut maturation and a healthier digestive tract.

GUT HEALTH

numax Link contains ingredients that regulate gut micro flora, functional fibres and a powerful combination of organic acids with very strong antibacterial activity.

EXTRUDED FULL-FAT SOYBEANS

With very low levels of antinutritional factors, full of highly digestible oil, and highly digestible protein, extruded soybeans are an excellent choice source of protein for piglets.

COMPLETE IN ALL

numax Link is a complete feed. It contains all required nutrients for pigs from 12-20Kg. In addition to balanced levels of energy and protein, it contains the full complement of vitamins, minerals, amino acids and enzymes.

KEY NUTRIENTS

Net energy	10.6MJ/kg	SID lysine	1.2%
Protein	18.5%	Calcium	0.8%
Fats	5.6%	Av. Phosphorus	0.36%
Fibre	3.4%	Sodium	0.25%

GENERAL FEEDING INSTRUCTIONS

numax Link is designed as a follow-up feed to **numax Wean**. Start feeding **numax Link** immediately after finishing with **numax Wean** and until pigs reach 20Kg body weight.

NATURAL FORM

numax Link is available in 2mm or 3mm short cut pellets.
