

numax range piglet feeds (numax Start, numax Wean and numax Link) are designed to enhance high feed intakes from the very early days of a piglet's life. The unique formulation of the feeds provides exceptional results under various field conditions.

**nuevo**  
ANIMAL NUTRITION

## ZERO ZINC CONCEPT

The **numax range** piglets feed are designed to tackle ZnO elimination and enable piglets handle post weaning metabolic disorders. Based on low dietary protein levels but in parallel with a carefully balanced SID amino acid profile ensures high growth rates from the very early stages of a piglets' life. Carefully selected ingredients with high digestibility will guarantee early feed intakes thus proper gut maturation and a healthier digestive tract.

## DUAL FORM

**numax Start** is provided in a meal form with well-dispersed whole flakes. A meal offers extra benefits over pellets for young piglets, because it has been shown to reduce the incidence and prevalence of diarrhea due to reduced liquidity in the gastrointestinal tract. **numax Start** is also available in a pellet form.

## GUT HEALTH

**numax Start** contains ingredients that regulate gut micro flora, functional fibers and a powerful combination of free and protected organic acids with very strong antibacterial activity.

## MILK & SUGARS

High levels of lactose from high quality dairy products and simple sugars ensure pigs will start consuming early, large quantities of feed due to the natural sweet taste of **numax Start**.

## EXTRUDED FULL-FAT SOYBEANS

With very low levels of antinutritional factors, full of highly digestible oil, and highly digestible protein, extruded soybeans are an excellent choice source of protein for piglets.

## COMPLETE IN ALL

**numax Start** is a complete feed. It contains all required nutrients for suckling and weaned pigs. In addition to balanced levels of energy and protein, it contains the full complement of vitamins, minerals, amino acids and enzymes.

## KEY NUTRIENTS

Net energy	10.6 MJ/kg	SID lysine	1.35%
Protein	19.5%	Calcium	0.7%
Fats	4.8%	Av. Phosphorus	0.4%
Fibre	2.8%	Sodium	0.25%

## GENERAL FEEDING INSTRUCTIONS

Start offering **numax Start** to piglets from the 4th day after birth. Start feeding for the first few days on the sleeping mats and then in round feeders. Offer feed 3-5 times per day in small quantities during the first week. Allow 0.5-1 Kg of **numax Start** in each piglet post weaning depending on body weight before switching to **numax Wean**.
